SAY GIRLS ARE RUINED IN BOHEMIA AND PALM.

Women Appear in Council Chambers
to Enter Protest Against
the Deadfalls.

The Council Committees did not meet
last night, a quorum not being present.
Three Councilmen made their
appearance. They were Wallace, Dor-
nin and Fitzgerald.

A delegation from the Woman's
Christian Temperance Union was present
to further protest and give evidence
against the two Twelfth street resorts,
the Cafe Bohemia and Palm Garden,
but as the License Committee did not
meet they were disappointed. Earlier
in the day the Woman's Temperance
Union were in executive session, and
the Twelfth street resorts were
brought up for discussion.

For some time past the ladies of the
Union have been gathering evidence
concerning the management of the two
saloons, and wished to present their
case to the Committee. Their hope,
however, was deferred until the next
meeting of the Council Committees.

"We do not object so much to the
fact that liquor is sold in those places,"
said one lady, "but we do object
against the immorality going on which
is every night apparent. In our
protest we have not called either of the
saloons immoral, as we wished to se-
cure positive facts in regard to them,
but every one knows what is going on
there. Young women, one might say
girls are led in there every night, and
no one makes a protest. Crowds of
rowdies stand in front of the places
and pass remarks about women who
pass along the streets, until it has be-
come so bad that numbers of ladies go
around the block rather than pass be-
fore those places."

ARCHBISHOP AT WEST OAKLAND.

Tells the Parents They are Re-
sponsible for the
Children.

Over two hundred boys and girls
knelt at the altar last night in St. Pat-
rick's Church to receive the Sacra-
ment of confirmation. The altar and
sanctuary were resplendent with myr-
iads of candles, fairy lamps and rare
flowers.

The ceremony was performed by
Archbishop Riordan in the presence of
nearly two thousand people. Every
aisle in the church was crowded from
the vestibules to the altar, and people,
unable to get beyond the entrance,
blocked the stairs and obstructed the
sidewalks.

The girls presented an impressive
scene as they marched to the altar
robed in white with veils extending
from the head downward. The boys
were dressed in black suits and each
wore a ribbon of white sash on the
left arm.

After the ceremony the Archbishop
spoke briefly to the children, pastors
and parents. He said:

"We are assembled here tonight for
the purpose of performing one of the
most important services in the Cath-
olic Church—the confirmation of our
children in the faith of the Redeemer."

"I want to impress upon the minds
of parents and guardians tonight the
necessity of training their children to
grow up in close communion with
their faith."

"You must impress upon your
charges the importance of being con-
stant in attendance on the services of
the church. You must urge these chil-
dren to love the church as their home.
No harm can come to them while they
turn for shelter and comfort to the
arms of the church as to a mother."

"There are three sources of training
for children: the church, the schools
and the home. You parents must look
to it that these children, whom God has
entrusted to you, bring up for his
glory, are not left to their own de-
vices. You must set them an ex-
ample, and show them what their
course in life should be. Be careful of
their associates. More harm may be
done by careless companionship than
can be easily overcome."

"Religious knowledge must come
day by day. It is not the work of a
week or a month, but indefatigable
training of the child mind. I beg them
of you to consent to care for your children
and help to show them the way in the
darkness. Do your best to guide them
not only in secular things but in world-
ly things. Point out to them the dan-
ger signs and follow in the footsteps of
their parent. He is responsible for the
well-being of his son. Let him, then, guard
his after years by preventing his child
from following the beaten paths of
vice."

"There is one potent influence that
should be brought to bear in training
the child for the struggle of life. This
influence is the first great divine school
of character. You fathers, mothers
and teachers should impress a noble
character upon the souls of the little
ones under your care by example. If
the father is indifferent; if year after
year passes and he is absent from the
altar; if he talks lightly of religion,
the child, particularly the boy, will in-
variably follow in the footsteps of his
parent. He is responsible for the wel-
fare of his son. Let him, then, guard
his after years by preventing his child
from following the beaten paths of
vice."

"In conclusion, dear brethren, I will
call to your mind that you and I are
hearing the goal of human life. We
seem to see already the sun of the
eternal hills. Let us then do our duty
before we pass from this life to the
judgment seat of God. Do your duty to
your children that you may be blessed
by them in after years."

After the confirmation exercises the
services were concluded with the sol-
emnization of benediction. Rev.

Father McNally Jr. was celebrant. The
Archbishop was assisted by the Rev.
Father McNally and the students from
St. Patrick's Seminary in Menlo Park.
Masters Kenna, Gleason and Long.
The priests from the Catholic churches
of Alameda, Berkeley, Oakland and
San Leandro occupied seats in the
sanctuary.

LE CONTE MEMORIAL SERVICES.

BERKELEY, Aug. 16.—Services in
memory of the late Joseph Le Conte
will be held next Wednesday afternoon
at 3 o'clock in Harmon Gymnasium at
the University of California. It has
been deemed fitting by the University
authorities that at this early opportu-
nity, faculty, students and friends
should meet to contemplate together
the blameless life work of the departed
scholar. College exercises will be sus-
pended at the hour of meeting so that
all students may be present.

Plans for the memorial services are
just being formed and complete details
are lacking. The committee in charge,
has, however, selected the following
named to speak at the exercises:

Professor Irving Stringham, dean of the
College of Social Sciences at Ber-
keley; Hon. George Davis of the
University of California. It has
been deemed fitting by the University
authorities that at this early opportu-
nity, faculty, students and friends
should meet to contemplate together
the blameless life work of the departed
scholar. College exercises will be sus-
pended at the hour of meeting so that
all students may be present.

The eulogists were all close personal
friends of Dr. Le Conte during life and
hence are peculiarly fitted to speak of
his character and work. Two commit-
tees have charge of the services. The
committee to select speakers, consists
of the following named:

Martin Kellogg, emeritus professor of
the Latin language and literature and
former president of the University;
Frederick State, professor of physics
and dean of faculty of the College
of Natural Sciences.

The committee on general arrange-
ments is made up as follows:

Professor C. L. Cory, head of the
Electrical Engineering Department;
Professor Edmund O'Neill of the
Chemistry Department, and Professor
W. E. Magee, director of physical cul-
ture.

IRVINGTON GIRL'S DEATH.

IRVINGTON, Aug. 16.—An item in
a San Francisco paper says:

"Dr. William H. Griswold, charged
with murder by a coroner's jury, was
set free yesterday morning by Police
Judge Mogan. Griswold attended Miss
Carrie Sandholt of Irvington, Alameda
county, who died at the Golden West
Hotel. In the absence of an ante-mortem
statement by the woman, Judge
Mogan held that there was no proof
against Griswold."

"Coroner Leland declares that the
case was clear cut against the doc-
tor."

ALAMEDA MAN EATEN.

ALAMEDA, Aug. 16.—Peter Flexel,
a saloonkeeper at Alameda Point, was
beaten last night by two men. One of
them, he says, is called "Scotty," and
he believes both belong to the "Fish
gang" of Oakland. Today he had war-
rants issued for their arrest.

Flexel says the men wrecked his
place, smashed the cash register and
took about \$7.45 from it, after which
they beat him.

FRUITVALE PERSONALS.

FRUITVALE, Aug. 16.—Mr. Hilton
and family have moved to San Fran-
cisco.

John Blum, who conducts a restaur-
ant on Fruitvale avenue, has moved
his family to their new place near
High street.

Mrs. J. J. Potter, who has been in
San Francisco for several weeks, has
returned to her home.

SHE DIED SUDDENLY.

FRUITVALE, Aug. 16.—Mrs. M.
Frank, mother of Mrs. C. A. Gibson,
who resides on Fruitvale avenue, died
suddenly Wednesday afternoon of apoplexy.

MOVING HUNT'S HOUSE.

FRUITVALE, Aug. 16.—The moving
of E. E. Hunt's home up the avenue
is causing no small amount of trouble.
It was found that trees to the distance
of several blocks had to be cut in order
to get the house past.

TAYLOR FIGHTS THE UNION.

He is Unloading the Wellington
in Spite of the
Protests.

Notwithstanding the combined efforts of
the unions, the schooner Wellington,
which arrived here yesterday with a cargo
of 2,200 tons of coal consigned to the
Taylor Coal Company, is being unloaded
at the Franklin street wharf.

But one batch is now being worked, but
another crew is expected before night.
At present there are five men in the hold,
two elevator men and two men operating
the cars.

Two of the men in the hold are union
teamsters formerly employed by John
Rohan, a local retail dealer at Fifth
and Washington streets.

Waiting Delegate Johansen of the
Teamsters' Union, together with several
hundred men, are loitering around the
wharf awaiting an attempt to call the
men off that are unloading the steam-
er.

The police have established a "dead"
line on the wharf and nobody is allowed
to cross beyond it. The estuary and sur-
rounding slips are being carefully
watched and no chances are being taken
by Taylor of having the steamer "tied"
up.

All the men, with a few exceptions,
have been called out of Taylor's yard by
agents from the local Teamsters' Union
and from the San Francisco organiza-
tions.

When the vessel arrived last night all
the stevedores and sailors were per-
suaded to leave her. This morning the city
was secured from one end to the other in
search of men, but Taylor succeeded in
getting his bid elevated and the officers
of the steamer are watching on the decks
and on the bunkers with instructions to
allow no one to approach beyond a rea-
sonable distance from where the work is
being carried on.

Taylor himself is on the spot watching
the progress of the work. He refuses
to make any other statement than that
he appeared before the Stevedores' Union
last night, and advanced a reasonable
proposition to the union men. According
to his statement he told the firms in British
Columbia that he would unload the
Wellington and he means to carry out his
contract.

The proposition that Taylor advanced
to the Stevedores' Union at a meeting
held last night in California Hall on Clay
street was that he would agree not to
dispose of any of the coal on the Well-
ington to San Francisco dealers. The union
refused to accept the terms and has is-
sued an order that the members of the
union shall not handle any cargoes com-
ing through the Golden Gate.

Although the vicinity of Franklin street
wharf is crowded with strikers, no trou-
ble is expected.

SAN LEANDRO NOTES.

SAN LEANDRO, Aug. 16.—Mrs.
Rawson and Miss Sarah Ury spent a
few days this week at Judge Rawson's
camp in Redwood Canyon.

O. J. Lysch of Cherry Camp No. 184,
Woodmen of the World, was a mem-
ber of the Executive Committee at the
big initiation at Fernbrook Park last
Saturday night.

James Whitcomb, formerly of this
place, but now of San Francisco, was
in town a short time ago.

R. S. Farley of this place has had
the value of some of his Oakland
property raised considerably. Lots on
block 180 have been raised in value
from \$800 to \$13,000.

ELMHURST NEWS NOTES.

ELMHURST, Aug. 16.—Elmhurst
Circle No. 480, F. of A., held a meeting
on Wednesday evening which included
members only. A pleasant evening
was spent, after the business was com-
pleted. Refreshments were served.

A. Johnson of Highland avenue is
very ill with congestion of the liver.
Two physicians, Drs. Mason and Smith
of San Leandro, have the case in
charge.

ANOTHER FAKE STORY EXPLODED.

Councilman Ruch Not Employed
to Superintend William J.
Dingee's New Residence.

The members of the Council who do
not follow the dictation of the Enquirer
are daily subjected to calumnious mis-
representation in the columns of that
sheet. Every act is twisted and dis-
torted out of recognition, and when
there is nothing to misrepresent
down right, cold-blooded lying is re-
sorted to.

The latest sample of the Enquirer's
malicious mendacity is the story it
printed to the effect that Councilman
Ruch had been employed to superin-
tend the construction of William J.
Dingee's new residence in San Fran-
cisco.

There is not even the color of justifi-
cation for the statement, but the bald
fabrication was published as an excuse
for assailing Mr. Ruch's good faith as
a Councilman. As a fact, Mr. Ruch
has not been employed to superintend
the construction of Mr. Dingee's house
nor to do anything else for Mr. Din-
gee.

"I never heard of any such thing till
I saw it in the papers," said Mr. Din-
gee this morning.

"There was never any discussion as to
the employment of Mr. Ruch in any ca-
pacity, and I doubt if Mr. Ruch himself
ever thought of such a thing. I don't be-
lieve he knows where the house is. My
acquaintance with Mr. Ruch is very
slight, but I understand that he is a very
competent builder. However, the con-
struction work on my house is under the
direction and supervision of Mr. Mat-
thews, the architect, and the story that
Mr. Ruch is superintending it is only one
of the thousand wanton lies invented
and circulated to prejudice the friends
of the community."

"This another yarn of the Enquirer is
shown to be a web of mere falsehood."

DISGRUNTLED.

Men Who Manufacture Misery.

The disgruntled man, the man who is
sulky and dissatisfied under all con-
ditions and circumstances, is to be found
everywhere. Even at the sea side where
he has gone for rest and recreation
you'll find him sulky and grum-
bling at the weather, the people, the
hotel accommodations, the board, and
everything else. His scowling, sullen
visage checks the flow of talk at the
table, and hushes the prattle of playing
children. Now and again one gossip
says to another "The old chap's liver
must be out of order." Somebody else
says, "Perhaps he's suffering from kid-
ney trouble." And a majority incline to
the opinion that it's "just dyspepsia."
And as it happens they are all of them

right. His liver is sluggish. His kidneys
are disordered. His blood is necessarily
poisoned, by accumulations of effec-
tive matter. And last of all his stomach
is "out of order." This is another case in
which in the logical sequence of state-
ment

THE LAST IS FIRST.

The liver is sluggish because the stom-
ach is diseased. The kidneys are dis-
ordered because the stomach and its al-
lied organs of digestion and nutrition
are weak and cannot supply adequate
nutrition for the needs of the body.

How do we know this? Because in so
many cases, persons who have suffered
with disease of heart, liver, lungs, kid-
neys, etc., have found these diseases en-
tirely cured, when Dr. Pierce's Golden
Medical Discovery has cured diseases of
the stomach and the other organs of di-
gestion and nutrition.

"I was afflicted with what the doctors
called nervous indigestion. Took medi-
cine from my family physician to no
avail. In looking over one of Doctor
Pierce's Memorandum Books," writes
Mr. Thos. G. Lever, of Lever, Richmond
Co., S. C. "I found my case described
exactly. I wrote to you and made a
statement. You sent me a descriptive
list of questions, also hygienic rules. I
carried these out as best I could, but
thought myself incurable as I suffered so
much with pain under my ribs and an
empty feeling in my stomach. At night
would have cold or hot feet and hands
alternately. I was getting very nervous
and suffered a great deal mentally, think-
ing that death would soon claim me. Al-
ways expected something unusual to
take place; was irritable and impatient,
and greatly reduced in flesh. I could
scarcely eat anything that would not
produce a bad feeling in my stomach.
After some hesitation, owing to my
prejudices against patent medicines, I
decided to try a few bottles of Doctor
Pierce's Golden Medical Discovery and
"Pellets." After taking several bottles
of each, found I was improving. I con-
tinued for six months or more, off and
on. I have to be careful yet at times, of

what I eat, in order that I may feel good
and strong. I fully believe if any one
suffering with indigestion or torpid liver
or chronic cold should take Dr. Pierce's
Golden Medical Discovery and "Pleasant
Pellets" and observe a few simple hy-
gienic rules they would soon be greatly
benefited, and with a little perseverance
would be entirely cured."

THE SCHOOL-BOY'S POCKET

is notorious for the miscellany it con-
tains. Tins, string, apples, marbles,
chewing gum, nails, jack-stones, are all
mixed in one confused mass. What
would be said of a child who used a
pocket which we call the stomach for
such a heterogeneous collection of ma-
terials? This is done not alone by the
human ostrich at the circus, but by thou-
sands of good people who do not consider
the relation of the stomach to the other
organs of the body. The purpose of eat-
ing is to provide nutrition for the body.
But how many people think of the nutri-
tive value of the food they eat? For the
most part the choice of food is
made to please the palate. The
palate is a creature of education.
It may be taught to crave things
bitter or chaste; sweet, to desire
spicy or fiery condiments which
irritate the stomach or dainties
which distress it, and in which
the food value is reduced to the
minimum. As a rule the palate is
taught to desire the most unde-
sirable things from the view-
point of nutrition. The result is
that the stomach has to thresh a
great quantity of straw to obtain
one grain of nutrition.

The body is sustained by food
properly digested and assimilated
and converted into nutrition. If
when the food is taken, the diges-
tive body and its organs must
be starved. Exactly the same thing
happens when the food eaten is nutritious,
but the stomach and other organs of di-
gestion and nutrition being weak-
ened by disease fail to convert the
nutrition from the food pro-
vide. Then the body is starved also.

THE SIGN OF STARVATION

is weakness. A starved man can't work.
The organs of the body can't work, or at the
best it works partially and ineffectively.
Dr. Pierce's Golden Medical Discovery,
by curing diseases of the stomach and
other organs of digestion and nutrition,
enables the perfect digestion and assimila-
tion of the food eaten, and this food
converted into nutrition, builds up the
body and the other organs into
sound health and strength.

"After I had received the advice which
you gave me in regard to my treatment,"
writes Geo. Dorner, Esq., of 1915 Pulaski
Street, Baltimore, Md. "I used your
'Golden Medical Discovery' according
to directions. After using four bottles
I feel like a new man. I have not
felt any symptoms since. Had tried al-
most all remedies that I heard of that
were good for dyspepsia, but without re-
sult. Finally I became discouraged and
wrote to you for advice, with the above
result."

TO DISCOURAGED PEOPLE.

The closing paragraph of Mr. Dorner's
letter: "Finally I became discouraged
and wrote to you for advice" would ex-
press the feeling of thousands who have
written to Dr. Pierce. They have ut-
terly failed to find help. They have been
growing steadily worse. As a forlorn
hope they have written to Dr. Pierce
and have been cured.

Persons suffering from chronic diseases
are invited to consult Dr. Pierce's let-
ter for the correspondence strictly pri-
vate and confidential. Address Dr. R. V.
Pierce, Buffalo, N. Y.

NEWS FROM LODGEROOMS.

Knights of Pythias Hold Several Interesting Meetings in This City.

Interesting lodge news of the week received too late for classification yesterday is as follows:

Last Tuesday evening, August 13, 1901, Dirigo Lodge, No. 224, Knights of Pythias, conferred the knight rank on fifteen aspirants, several more not being able to attend. As usual, quite a number of visitors were present, the States of Washington and Illinois being represented. It was also West Oakland and Live Oak Lodges of this city.

Dirigo Lodge has been so busy initiating new members that but very little time has been left for social talks under the head of good of the order, but visitors are always welcome and are sure to be made at home.

Next Tuesday night, August 20th, all members of this lodge are requested to attend a regular meeting, as business of importance will be brought up. The page rank will also be conferred on that evening.

FRATERNAL BROTHERHOOD.

On Friday evening, August 9th, Oakland Lodge, No. 123, gave a social dance for members and their friends. The affair was strictly invitational. Just before the dance Brother Schreiber announced a trolley ride to Hayward to be followed by a dance at Native Sons' Hall, to be given under the auspices of Hayward Lodge. The brothers and sisters arrived at Hayward at 9:10 and everybody enjoyed themselves and voted the affair a success.

RED MEN.

The Great Council of the State of California, Order of Red Men, opened its thirty-sixth annual session in the Post Street Wigwam Tuesday, listening to a welcoming address from Mayor Phelan before going into formal organization. Reports presented by various officers showed 250,000 members of the order in the United States, a net increase of 29,000 for the last year. In the California reservation are sixty-four tribes, with a total membership of 5,950, an increase proportionately greater than in any other section of the country.

The coming Admission Day celebration, N. S. G. W., September 9, in San Jose, is assuming larger proportions daily. The General Committee is meeting two or three times a week in order that the large amount of business incident to the preparations may be properly handled. Up to date the following parades have secured headquarters: San Francisco, No. 40, Library Hall; California, No. 1, Hale's Hall; Hesperian, No. 17, Currier Hall; Prestidio, No. 194, Champion Hall; Alameda, No. 154, Masonic Temple; Rincon, No. 72, Y. M. I. Hall; South San Francisco, No. 157, Druids' Hall; Precita, No. 187, Bellini Hall; Golden Gate, No. 29, Alcatraz, No. 145, and Alameda, No. 47, Steeper Hall; Oakland, No. 30, Valeriano Hall; Athens, No. 135, and Nantico, No. 155, St. James. Turn Verein Hall, Native Sons' Hall and Garden City Athletic Club Hall have been reserved for general entertainment purposes.

Dan Doody and E. Planer have been in San Jose searching for headquarters for Piedmont Parlor.

KNIGHTS OF PYTHIAS.

Those present at the meeting of Piedmont Lodge, No. 172, last Monday night, enjoyed the matter in which the esquire rank was conferred upon Page Desmond. As usual, Brother Bernstein of Oakland Lodge was present and assisted the officers in the work. A number of visitors was present and all expressed themselves as pleased. Three new applications were read.

DID SHE DIE UNDER THE KNIFE?

Dr. Stratton Severely Censures Drs. Emerson and Boyd.

Dr. Harry Emerson of Centerville and Dr. Boyd of San Francisco performed an operation last Monday for the removal of a cancerous growth from one of the vital organs of Mrs. F. S. Rose of 1666 Kirkham street. The patient died thirty-six hours later, after suffering intense pain.

The physicians claimed that death was due to the cancer and the certificate was made out accordingly.

Not satisfied with this statement, and suspecting that some surgical blunder had been made, the relatives of the deceased called in Dr. Stratton and Dr. Edward Norton Ever of Oakland yesterday afternoon for the purpose of holding an autopsy on the body to ascertain the real cause of death. The result of the post-mortem examination disclosed some startling facts.

Neither of the autopsy physicians would commit themselves by accusing Dr. Emerson or Dr. Boyd of carelessness.

Dr. Stratton, in an interview after the autopsy, gave the following opinion:

"I was called in," he said, "to perform an operation on the dredent for the removal of a cancer from which she was suffering. I made a thorough examination and found that the patient could not only undergo the strain, but that her age and physical condition made it extremely dangerous for her to be placed under an anesthetic."

"I communicated this opinion to Dr.

Emerson," he continued, "but he probably was of the opinion that I was afraid to perform it owing to the necessity of the application of the best surgical skill. They have now found out that I had sufficient cause to refuse to perform the operation."

"Do you think death was caused as a result of this incision?" was asked.

"That I will not say, but undoubtedly this incision, coupled with the administration of the anesthetic, made it impossible for the patient to recover."

"The moment I placed the patient under an examination I knew that an attempt to remove the cancer, which was practically in the last stages of development, would result fatally. From the excessive corpulence of Mrs. Rose, it was impossible to perform the operation without injuring some of the adjacent organs."

"At best, the operation was dangerous in the extreme and I don't think it should have been performed. Had the patient been left alone she would undoubtedly have lived for several months."

"I believe in removing cancers when there is some chance for the patient's recovery. Such operations are being performed on women nearly every day, but I do not believe in attempting to remove a growth that has made such inroads that only death can be foreseen as a result."

The deceased leaves eight children, namely, Frank, James, Edward and William Rose, Mrs. Nellie McGraw of San Rafael, Mrs. Annie Murray of Madera, Miss Kate Rose of Oakland, Mrs. Lizzy Stanley of San Francisco and Mrs. Susie Rodgers of Oakland.

She was a native of Ireland, 45 years of age.

She leaves an estate estimated at between \$25,000 and \$30,000.

W. V. WITCHER ON JUDGE GREENE.

Says the Jurist Would Not Dare
to Talk to Merchant on
Street.

Although on the regular panel of trial jurors, W. V. Witcher, the Broadway merchant, has not served in a case this term. He generally has "an opinion" that causes him to be excused from serving. His opinion in regard to the case of George N. MacBae, the Alameda police officer on trial for killing Myron Brown, resulted in his being challenged by the defense.

After Attorney Moore had challenged Witcher and Judge Greene took up the examination. The questions and answers were as follows:

The Court—You know nothing about the facts concerning the transaction, do you?

Witcher—No, sir.

Question—Then why have you an opinion about them?

Answer—I don't think it is necessary for a policeman—

Question—Why have you an opinion about this particular case, when you know nothing about the facts of the transaction?

Answer—I naturally have an opinion about anything stated to me.

Attorney Moore—He said he read it. The Court—Do you remember what you read?

Witcher—No, sir, I don't remember. I remember reading of the case.

Question—But you do not remember that you formed any opinion at all?

Answer—Oh, yes, I formed an opinion, because I always form an opinion on whatever I read.

Question—Then when you stated in the first, or in the second place, that you had not formed an opinion, you were mistaken?

Answer—Well, what I meant—I stated, I think, I had forgotten what my opinion was at that time.

Question—You say that it is your opinion that he could have arrested, or kept under arrest this man without shooting, or he could have called for help?

Answer—No, sir, I don't say he could have kept him. It is my opinion he could have been arrested without being shot.

Question—How do you know but that he was arrested?

Answer—I don't know.

Question—Why do you put in that proposition?

Answer—Because the man was shot. I presume he was shot while the man was trying to arrest him.

Question—That is not stated in the statement of facts given to you.

Answer—That was read by the District Attorney something to that effect—that he died from a gunshot wound inflicted by the prisoner while trying to arrest him.

Question—Is it so stated in the information?

Attorney Samuels—No, I stated that. Attorney Moore—He stated it in the disjunctive.

The Court—He stated, as I remember, in his opening, he was attempting to arrest him, or had arrested him and was attempting to escape. You have put into the question put to you another thing, and that is this: The proposition that there were persons there whom he could have called. How do you know there were any?

Answer—I don't know.

Question—Why did you incorporate it in your answer in giving it in that way?

Answer—Because I know the man could have been arrested at that time by calling other people, or later on by calling still other people.

Question—Do you know he could?

Answer—I don't know.

Question—You say you do know it?

Answer—I am satisfied.

Question—Of course, you don't know anything about the facts. Is that right or wrong?

Answer—I believe I could have been arrested. I don't know anything about these particular facts.

Question—Your belief that he could have been arrested is based upon the assumption that there were persons there that he could have called on and that if he did escape, he could have called on afterwards?

Answer—Yes, sir.

Question—Have you any right to make such an assumption as that?

Answer—I don't know. I am only answering questions put to me.

The Court—You are excused from this case.

Mr. Witcher was somewhat indignant because of the cross-examination of Judge Greene.

Just think of a Judge telling a citizen and a taxpayer that he has no right to have an opinion," said Mr. Witcher.

Witcher, satisfied, however, that he got the best of the Judge, he would not dare to talk to me on the street the way he did in court.

OAKLAND HARBOR NEWS NOTES.

Little Business is Being Transacted on the Water Front.

With the exception of the arrival of an occasional schooner there is little along the water front that will tend to bring a feeling of encouragement to shipping men.

Everything is "tied" up with the exception of the five ships and these must just as well be out of existence for the amount of work that is being transacted at them. The Highland Light is still unloading her cargo of coal at the Howard Coal Company's wharf. This firm is about the only one on the front that seems to think that business will continue right along notwithstanding the strike.

In the Shipyards.

Work in the shipyards is also dull and

will remain so for some time to come. The work of improving the Alcatraz is nearing completion. She is to be painted in a day or so, after which she will be shipped from the ways practically a new vessel.

The New Steamer.

Many new contracts are talked about by Mr. Dickey, but no definite time is stated as to when they will be let. The men in his yard are making rapid headway on the Pacific Coast Steamship Company's new steamer. The ribs are completely covered on the inside and the work of planking the outside has already been commenced. The inside partitions are in position, as are also the heavy stanchions that are to support the upper deck and cabin. It is expected that the vessel will be ready for launching in three months.

Cannot Go to Sea.

BERKELEY IS VISITED BY A GREAT FIRE.

NIEHAUS PLANING MILLS AND OTHER PLACES ARE A TOTAL LOSS—THE COMPANY WILL NOT REBUILD—SCENES AND INCIDENTS.

BERKELEY, Aug. 16.—At 10 o'clock last night a fire was discovered in the Niehaus Brothers' Company's planing mill, West Berkeley, by Night Watchman John Lums, but before an alarm could be sounded the entire town was at the yards adjoining and three acres of buildings were burning. John Everding's starch works and his home adjoining were entirely destroyed.

Moore & Company's El Dorado Oil works and the Heyward Lumber Yards and Everding's grist mill were partially destroyed.

The loss reaches \$120,000, of which \$100,000 is upon the planing mills, with insurance of only \$16,500.

As a result of the fire over one hundred men are thrown out of work. Sixty-five of this number were employed in the planing mills.

According to a statement made by Superintendent Schuster, the mills will not be rebuilt.

In order to save thousands of feet of lumber that was piled on the wharves, a large force of volunteer firemen did all in their power to put out the flames. Pile after pile was thrown into the bay and the wharf was torn up to prevent the flames spreading.

One of the engines from Oakland pumped salt water from the bay on the flames at the West Berkeley wharf. By the efforts of the firemen in charge the fire was prevented from extending northward to the El Dorado works.

The fire broke out in the engine room of the planing mill.

The fire attacked the main building.

a two-story structure 100x175 feet and containing \$28,000 worth of machinery. In less than an hour the building was a heap of ashes.

The door and sash factory, with 6,000 doors in stock, the dry kiln and packing shops, were totally destroyed. The stables took fire next, but fortunately all the horses were saved. From these buildings the fire swept through piles of finished and rough lumber, leaving total destruction in its path.

The El Dorado Oil Works, north of the mills, was the next to go. One building, stored with cocoanut oil valued at \$1,000 was destroyed.

The Niehaus Company was composed of E. C. Niehaus, Otto Niehaus and G. A. Schuster.

MANY ACCIDENTS.

A chapter of accidents were attendant upon the fire. Victor Hansen of the Alert Hose Company was thrown from the roof of the Everding grist mill by being struck with a stream of water. He was internally injured by the fall, which was a distance of twenty feet.

Joseph Silva had the finger of his right hand so badly crushed that it had to be amputated.

James Harbin broke his ankle while running between the lumber piles on the Niehaus wharf.

SAVED THE CARS.

Standing on the tracks near the fire were several freight cars some of which were loaded with cocoanut oil. The Southern Pacific Company sent out two engines from the Oakland yards and the cars were shunted from their dangerous position.

One of the engines was then left to guard the West Berkeley depot. A stream from the engine guarded the station house from flying fire brands.

FIRE TRUCK BURNED.

Among the most active of the volunteer fire fighters were the members of the Beacon Hook and Ladder Company. They were early on the scene and ran their hook and ladder upon the Niehaus wharf. In a twinkling the firemen and their apparatus were hemmed in by the flames. A quantity of hose was pulled from the enveloped space which rapidly became a seething mass of flames. A desper-

ate effort was made to pull the truck from the fire but the effort was abandoned after the firemen had risked their lives.

The fire laddies escaped at the last moment along the wharf. Those who figured in the exciting incident were James Hamilton, Andrew Anderson, Dzier Nowell and Amos Siderina.

MANY SMALL FIRES.

Thousands of feet of lumber were thrown from the wharves of the Niehaus and Heyward Companies into the bay. This was done to save the lumber, for at one time the wharves were in great danger of being entirely destroyed. Fire brands were carried great distances by the strong south-east wind. The blazing particles fell upon houses several blocks from the scene of the fire. The residents were on their guard and extinguished roof fires in their incipency with buckets of water. Several of the brands found lodgment upon a pile of poles owned by the Bay Counties Power Company two blocks from the fire. They were completely destroyed.

SAVED THE OIL.

Although fate seemed to be with the fire, there were several mitigating circumstances. After the fire had gained considerable headway a southeast wind blew the flames away from the property of the El Dorado Oil Works. Thousands of barrels of cocoanut oil stood in the building, which, if it had become ignited, would have made an immense conflagration. The waters of the bay were at flood tide and the splashing of the spray checked the spread of the fire at the West Berkeley, Heywood and Niehaus wharves.

WILL NOT REBUILD.

In an interview with a TRIBUNE reporter, G. A. Schuster, president of the Niehaus Brothers Company, said: "I feel my loss keenly. We had just added new machinery and the building was packed with material. Six thousand doors had just been completed for shipment to Australia. We will not rebuild here. This is partly on account of the fact that we have had great difficulty with workmen here. Our old workmen struck against us and we were forced to take in non-union men."

HAYWARDS MAN IS INJURED.

Seats Fell Down at the Woodman Affair in Fernbrook Pavilion.

HAYWARDS, Aug. 16.—As a result of the accident which occurred at Fernbrook Park last Saturday night, Miles Quish of this place has been confined to his bed with a bruised leg.

The accident occurred in the big pavilion where several thousand people were congregated, and was caused by the seats on one side of the building giving away.

When the seats came down several hundred people fell to the floor and in the "mix-up" Mr. Quish caught his leg under a seat which came down with such force as to nearly break the limb.

Mr. Quish was taken at once to his home in this place. At the same time Mr. Quish was injured, John Crooks came very near sharing the same fate and would have been injured had he not jumped just in time. A number of other people were injured, but none as seriously as Mr. Quish. The latter is proprietor of the Haywards Planing Mill.

SHIPPING DRIED FRUIT.

HAYWARDS, Aug. 16.—A large shipment consisting of several car loads of dried fruit was sent East last week and still larger ones will follow. A great many people are employed at the drier, which makes it possible for them to handle as high as 1,000 boxes a day. Since school has commenced the young people have been compelled to quit work, and as a consequence a great many strangers have taken their places. Russell & Klimball expect to dry as much as 600 tons of fruit, which will include all varieties.

NATIVE DAUGHTERS GIVE A TEA.

HAYWARDS, Aug. 16.—On Wednesday evening the Native Daughters entertained the Native Sons with a pink tea which the boys declare has never been equaled. It is a fact when the Native Sons and Daughters plan together for an affair a good time always follows. At Wednesday's tea the Daughters showed themselves to be up to their high standard of entertaining. The affair was well attended and took place in Native Sons' Hall.

ENTERTAIN AT SAN LEANDRO.

SAN LEANDRO, Aug. 16.—The ladies of the M. E. Church are making large preparations for an entertainment which will be given at the City Hall on the evening of the 22d of this month. The entertainment will be given for the benefit of the pastor, Rev. F. R. Walton. The program promises to be one of extra interest and will consist of vocal, instrumental music and recitations. Ice cream and cake will also be served.
